

Antibody Quality Control of non-phospho antibodies:

Name of Antibody: Cullin 4b (709-808)

Sheep Number: S071D

Bleed Number: 3rd Bleed

Date Purified:

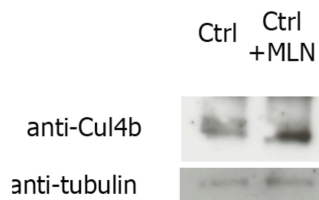

Immuno Blotting: Ok on overexpressed and endogenous

Does it recognise endogenous protein without immunoprecipitation: Yes in U2Os, Hela and HEK293

[Please state tissues or cell lines]

The antibody does not cross react with Cullin4a

Concentration used: 1ug.ml

Immunoprecipitation:

Does it immunoprecipitate endogenous protein: not tested yet
[Please state tissues or cell lines]

Amount used:

Immuno blotting after Immunoprecipitation:

Does it immuno blot only after immunoprecipitation:
[Please state tissues or cell lines]

Concentration used for immuno blotting:

Antibody and amount used for immunoprecipitation:
